Cassà de la Selva, March 2018.

Dear Valued Customer

Poliuretanos, S.A. business to join Kingspan Group

We are pleased and proud to announce that an agreement has been reached for the business of Poliuretanos, S.A. to become part of the global building products manufacturer Kingspan Group, the World's largest manufacturer of premium and high performance rigid phenolic, PIR and vacuum panel insulation materials.

Poliuretanos, S.A. is well established in Spain, France and Portugal as well as in Central and South America and North of Africa. Kingspan Group is recognized as one of the World's leading and fastest growing insulation manufacturing companies, known for its Therma, Kooltherm, KoolDuct and Optim-R.

The business has been renamed Kingspan Insulation S.A. with the same VAT number ES-A17014002.

Still the same great people, service and support

As a valued customer, you will enjoy the same high quality products, and exceptional levels of customer service and support you have come to know, but, in time, you will also come to benefit from Kingspan's focus, innovation and scale.

The routes to market and contact points for products that were, until today, sold by Poliuretanos, S.A. and for existing Kingspan Insulation products will remain unaltered.

The future is bright

This is an exciting development for both companies. With access to Kingspan's insulation product range to complement our existing Poliuretanos PIR range, which will remain in place, we will be able to provide an exceptionally strong product choice, matched by no other company.

Thank you for your continued support and we look forward to growing our businesses together. We will contact you again at the time of completion of the acquisition, as there will be some administrative changes, mainly in bank accounts.

If you have any questions please feel free to contact us by calling 00-34-972460472.

Sincerely,

Francesc Bollo
Managing Director
Kingspan Insulation S.A.
